CERTIFIED RETURN RECEIPT REQUESTED
(P402 457 261)

Mr. Andrew C. King
Permitting Coordinator
Genwal Coal Company, Inc.

Dear Mr. King:

Re: Approval of Request for Incidental Boundary Change,
Crandall Canyon Mine, ACT/015/032, #3 and #4, Carbon
County, Utah

The Division has completed its review of Genwal Coal Company, Inc.'s request (received October 11, 1985) for approval of an "Emergency" Incidental Boundary Change at the Crandall Canyon Mine. The change will involve 10 acres of leased federal coal contained within lease Tract II (SL-062648). This tract is located to the north of lease Tract I which is also part of federal coal lease #SL-062648.

The plan has been reviewed by the U.S. Forest Service, the Bureau of Land Management and the Office of Surface Mining. Written approval has been received from the USFS and BLM (enclosed). Rick Holbrook indicated (November 8, 1985) concurrence with the change contingent upon DOGM, BLM, USFS recommendations.

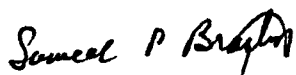

The Division is prepared to issue its approval for this request with the following condition:

1. The approval to enter Tract II is limited to 10 acres of underground coal extraction. No mining of additional Tract II lease acreage is approved until the Tract II application under review is complete and approved.
